Directional Felling Head

www.InovForest.com

+1.819.277.0939

Professional tool designed and engineered to work in harsh environments, the Timbermax felling head can be used on a wide range of carriers. The head is robust, and its size makes possible to mount it on crane with extended reach. This reduces impact on soils and increasing the overall productivity.

Nominal Cut Capacity: 750 mm (30 in)
Max grip capacity: 900 mm (35 in)
SUPERCUT 300 (11H 3/4" Chain)

* With rotator and link

Weight : 1510 kg *
Pressure: 28 MPa
Flow: 250 l/min
